STAR-TOUR HOTEL A.S

ISSUE 2 S-2013

MOVIE ON THE PIER: WHY NOT

Imagine lying on the sun bed, feeling the breeze, listening to the waves and watching one of your favourite movies in full surround sound.

This is just one of the new possibilities you have in Blue Village Pascha Bay for this summer.

SHADED CHILDREN POOL

For the comfort of your children, who are here to have an excellent time in our pool, we have shaded the children pool. So now the children are more protected from the sun when spending their days enjoying the Good Life in the pool.

POOL BAR TERRACE

The new shaded terrace at the pool bar offers a big family sized table with a fantastic view. So if you are 10 or 15 in the family you will all fit together or if you meet new friends during the holiday. The terrace have also been extended, so it is now more welcoming and spacious.

NEW SHADE ON THE PLAYGROUND

In the playground you can now enjoy the new extended shading in the natural environment in the area. So while the children is playing you, as a parent, can also enjoy a little time out of the sun, in the breeze of the sea.
